

KLASAC Meeting Wed., April 19, 2023 Hybrid at Klickitat Community Center

Attendance: S. Crapper, S. Sutton, A. Brandt-Whalin, C. Coolidge

Items Discussed:

Resource Fair: Sheila C. gave an update for the Resource Fair on April 13th from 10:00-2:00 PM. Total of 90 attendees and 13 organizations were there. All went well. Youth kept all running smooth.

Key Leader Event: TADAA shared a presentation for Key Leader Event during the resource fair which had 13 Key Leaders in attendance. KLASAC shared also.

Opioids/Narcan Training: Held 2 events in March, Klickitat & Lyle, both went well. Klickitat only had 3 attendees other than presenters, Lyle had 15. Also attended parent night in Wishram with same presentation/training, along with a discussion on how to talk to your youth about substance use.

Positive Action Parent Training: Just finishing up this week on these classes in Klickitat with 4 parents. Dates to be released soon for Lyle training in late May or early June.

Legislative Sessions and funding: Funding for CPWI communities is currently in session. There was initially some concern that our funding could be altered, but according to DBHR it seems that we should stay at our regular funding amount this year and next. We discussed some possible options to look at how to sustain coalition in future if we ever don't have current funding as an option or if it lessens in amount.

Data Book: We decided to postpone data book review due to attendance. Our Executive will be looking over it at our upcoming retreat in May.

Next meeting is **Wed., May 17, 2023.**
